## PIONEER CITIZEN LEAVES FOR OLD COUNTRY

Mr. Ivor Lewis, who has been a resident in the Crossfield district for the past 36 years, is shortly returning to his old home in Cardiff, Wales, where he will reside with his two sisters.

Mr. Lewis, in his early life, with intent to follow in his father's profession, entered medical College, but later abandoned his course to enlist with the Imperial Yeomanry and go to South Africa in the Boer war, where he served for three years. He later served as a marine engineer on tramp steamers, covering many of the trade routes of the world.

In 1904 he came to Canada, first homesteading in the country to the west of here, near Bottrell, later moving into Crossfield, where he engaged in the dray and coal business. He was married in 1910 and until the death of Mrs. Lewis last September, their home was one of the most delightfully hospitable gathering places in the community, both being active in all local affairs and well liked by the entire district.

Mr. Lewis again enlisted in the service of his country in 1916 and served in France till the end of the war, afterwards returning to Crossfield where he resumed his former business and was also appointed Police Magistrate, a position which he filled for some years, dispensing justice with dignity and satisfaction to all concerned.

Mr. Lewis has been associated with nearly all the district activities during his long residence here, having occupied all the positions in the Masonic Lodge, is a Past President and former Secretary of the Old Timers' Association, a former President of the Canadian Legion and Church Warden of the Anglican Church for over 25 years. He was also Secretary of the Crossfield School Board for many years and is a member of the Board of Trade.

No one will be more missed in the community than Mr. Lewis, but following Mrs. Lewis' death in September he felt that he would like to return to his old home in Wales and he recently disposed of his home and interests here. He leaves with the best wishes of the Crossfield District and the hope that he may enjoy many active and useful years in his old home and the assurance that a warm welcome would await him, should he return to Crossfield at any future date.

## Airdrie Pioneer Passes

John Albert Roberts, aged 75, a resident of the Airdrie district for 39 years, died of a heart attack at his home last Friday evening. He was born in Bruce County, Ontario and in 1900 came west and homesteaded nine miles west of Airdrie.

He leaves two brothers, George of Airdrie, and Charles in Ontario, and a sister, Mrs. Robert Graham of Minto, Manitoba.

Funeral services were conducted on Tuesday afternoon at Airdrie United Church with burial in Burnside cemetery.

## LOCALS

T. Tredaway is the local sub-agent for Canada's First War Loan.

Mr. B. Morris of Fernie, B. C., is visiting at the home of his sister, Mrs. W. R. Emerson, here.

Walter Hurt spent three days attending the John Deere Tractor school recently.

Miss Opal Blough, who is ill at her home with pleurisy, is making satisfactory progress toward recovery.

Born to Mr. and Mrs. George Bales of Cremona, on Thursday, January 11th, twins, a son and daughter.

Gene Jones, E. Bills and George Lim attended the Stampede-Coleman hockey game in Calgary last night.

Mrs. McNichol has sold the half section she recently acquired from C. Neilsen, T. M. Mair being the purchaser.

C. C. Stafford and George McLeod are confined to their respective homes, both suffering severe colds.

Attention is called to the announcement of the local branch of the Red Cross, on page 4, calling the annual meeting for Jan. 26.

The Parrish and Heimbecker Grain Co. have purchased the Ivor Lewis residence and are making extensive alterations. When completed, it will be occupied by their local buyer, J. Reeves.

Frank Collicutt made two nice sales of Hereford stock during the past week, ten head going to Tranquille Sanitorium at Kamloops, B. C., and a bull to John Robinson of Dog Pound.

Arthur Baker, formerly of the Canadian Bank of Commerce staff here and recently of the Hanna branch, has been transferred back to the local bank. He commenced his duties January 3rd.

At a recent meeting of the Wardens and Vestry of the Anglican Church, Mr. Ivor Lewis was presented with a pen and pencil set in appreciation of his twenty-five years of untiring services on behalf of the church.

## COMRADE H. MAY HEADS LEGION

The Annual General Meeting of the Crossfield Branch of the Canadian Legion of the British Empire Service League, was held in the Masonic basement on Saturday last.

An interesting episode was the presentation to Comrade Ivor Lewis, (who leaves shortly to reside in England) of a Past President's Badge as a token of appreciation for his work and time devoted to the organization since its inception.

The following officers were elected to serve for 1940 — President, Comrade H. May; 1st Vice Pres., Comrade D. Cameron; 2nd Vice Pres., Comrade H. McCool. The Executive Committee: Comrades B. Lilley, A. Montgomery, D. Cumming, R. H. Waterhouse and F. Mossop, Secretary-Treasurer. A hearty vote of thanks was extended the retiring President, special mention being made of time and effort devoted to the erection of the War Memorial.

It was decided to hold a Social evening early in February.

## COMMUNITY HORSE SALE PROPOSED

It is now ten years since the first Community Sale was started in Crossfield. That they have proved of benefit to the district is without doubt, as two sales were held in each of the first two years, but with a community the size of Crossfield, it seems as though they desire a change and in place of the annual community sale this spring, we understand that Mr. T. Tredaway is making arrangements with an auctioneer to have a large horse sale early in March.

The Board of Trade is holding a dance in the U.F.A. hall on Friday night, January 26th. A live Board of Trade is necessary to the welfare and progress of any community, and it is hoped that the citizens of Crossfield and district will turn out in support of this organization so that it will be in position to strive for further achievements during the year ahead.

## LOCALS

At the annual meeting of Alberta Seed Growers being held in Edmonton, Mr. Howard P. Wright of Airdrie, was re-elected president for his fifth term.

Playing an intermediate league game at Carstairs last Monday night, the local hockey team finished on the short end of a 7-3 score. F. Dipple, A. D. Stevens and E. Kinsey were the goal getters for Crossfield.

In another league game Thursday night, Jan. 18, Crossfield downed Bowden 4 to 1. E. Kinsey scored twice and assisted in F. Dipple's goal. G. Jones netted the 4th tally for the locals.

The Chronicle invites the co-operation of residents of the country districts. Correspondents from Airdrie, Madden, Dog Pound, Inverlea, Tan-y-Bryn, and the other districts surrounding Crossfield are asked to send in news items of interest and to write in for correspondence paper, envelopes and particulars.

## LOCAL CLERGY ELEVATED TO RURAL DEAN

The Rev. A. D. Currie, has been appointed Rural Dean for the Red Deer Rural Deanery, succeeding the Rev. Canon Cripps of Red Deer who has recently been appointed a chaplain in the Canadian Army.

The Alberta Federation of Labor have asked the Alberta government that the minimum wage rate be set at 55 cents an hour, or at least \$100 monthly; and to increase mother's allowances and advance the age limit of children participating to 19 years.

At the U.F.A. convention being held in Edmonton, Robert Cardiner was unanimously elected president for his tenth term. Norman Priestly was elected vice-president.

There are 500 delegates and 200 visitors in attendance and reports show a considerable increase in membership during the past year.

## DISTRICT JUNIOR WHEAT CLUB MEMBERS, SAY-

Crossfield Junior Wheat Club members expressed their opinions of the benefits of the Wheat Club, in a recent issue of the wheat Pool Budget, as follows:

Ted Montgomery — "I like the work and hope to continue."

John Elhard — "I think it is a very good idea this Club affair so as to get a good quality of farmers and good wheat and expect to get a price for something worthwhile and not for some poor growing stuff."

Neil Laut — "I think the Grain Club is a benefit to young people for gaining knowledge in grain and I will be glad to stay with it until I am over the age limit."

Charles Russell — "I think this is a very good idea. I like this work very much and I think it helps to put a lot of good grain in the country and I am going to stay with the club."

Warren D. Hall — "This is a very beneficial organization for farm boys. This is my first year and I am very satisfied with this type of work."

Norman Hancock — "I think this club will be a success and it will bring better wheat into the country"

### WHY NOT NOW?

Prepare today, for tomorrow. During the winter months farmers and others who have certain duties to perform on the farm should check up now on what equipment they will require for the first move onto the land when spring work comes. Have you ever considered the time lost when spring suddenly comes around the corner and finds you unprepared. Check up now on what repairs or new machines you will need for the spring and following season. Contact your local machine man now, talk over your problems with him now when he has plenty of time to give you. If you wait everything is delayed and your orders go through the usual channels at less speed. Orders placed well in advance of the spring work will arrive quickly and your equipment will be ready when needed.

### TIME WILL TELL—

If Alberta votes this year on who shall govern this province, the voters will have plenty of candidates to choose from, according to the line-up that has commenced activity for the coming election.

Not many years ago there were two political parties who weathered the hazards of governing the country and made a good job of it.

But today opposition has seeped in which is without the knowledge of tried performance. Will these be recognized in times like the present, when only efficient are needed to back up splendid government records of the past

### "BIG SISTER" AND "DR. SUSAN"

We feel that all you ardent lady listeners now know of the time change of "Big Sister" and "Dr. Susan", but just in case you have missed, we are more than pleased to present that nationally known program, "Big Sister" at 9:30 in the morning, instead of at 12:00 o'clock as formerly, and we give you "The Life and Love of Dr. Susan" at 9:45 a.m., instead of 12:15 at which time it previously ran. We have also another interesting bit of information to give you this week about the fact that "Dr. Susan" now originates in Canada, which we feel is another step for Canadian Radio. Don't forget ladies, it's 9:30 a.m.,

Monday through Friday for this fine entertainment.

Bing Crosby spent five minutes at last Thursday's Kraft Music Hall rehearsal humming and singing to John Scott Trotter and his orchestra a tune he couldn't name. The song, Bing knew, was 20 or more years old, the title eluded him - - of which gave Bob Burns a laugh. Finally Trotter, remembered the name. It was "My Little Girl", he said to the father of four boys Bing wanted to sing the song on the next week's broadcast.

Charlie Forsyth, Lux Radio Theatre sound expert, has the world's only pair of glass surgical instruments and incidentally, the dullest. They are made of glass so their tinkle can be heard during operating room scenes. He used them when the tinkle of an instrument was needed in "Dark Victory".

### Household Hints

An inch-thick slice of ham may be baked in a casserole in a little more than an hour. Mix a half cup of cracker or bread crumbs one-fourth teaspoon of ginger, a half cup of raisins and a teaspoon of grated orange rind. Spread this over the ham, place in casserole, pour a cup of hot water over this, cover, and bake for ten minutes in a hot oven. Reduce the heat and bake slowly for an hour.

#### Sandwich Fillings:

Cottage cheese with finely chopped olives.

Tuna fish, celery and mayonnaise. Chopped chicken giblets and hard boiled egg, mixed to a paste.

Crabmeat, salted to a paste with lemon juice, salt, pepper, nut-

meg and a pinch of curry, with one-third as much butter as crabmeat.

Very fine chopped celery and minced hard cooked egg should be moistened with salad dressing and well seasoned. Equal parts of chicken and ham, finely minced and seasoned with curry. Or add minced chopped pickle or red pepper relish.

Orange marmalade and cream or cottage cheese. Chopped dates and cream cheese. Nut, orange or date bread with apricot or peach jam filling, or filling of cream or cottage cheese.

Finely chopped left-over chicken or turkey should be worked to a smooth paste with a little butter and a spoonful of cream. Season to taste. Minced parsley or green pepper may be added.

Co-operatives are on the increase in Alberta. At the present time there are 191 registered, as compared with 100 at the end of 1938. Included are 22 creameries and cheese factories, 71 stores, 18 live-stock and 80 sundry.

### The World of Wheat

By H. G. L. Strange

For many years there has been a common belief that Futures Trading, or what is commonly called speculative buying and selling, influences prices rise or to fall. Cornell University in 1924 investigated the results of 34 years of speculation in wheat, and the Food Research Institute of California in 1931 published a very complete study covering 41 years of speculative trading in wheat. The Research Department of the Searle Grain Company made an investigation of daily wheat prices from 1929 to 1937 to determine whether Futures trading or Speculation had influenced prices, and submitted this to the Turgon Commission in 1937. None of these investigations revealed the Futures Trading or speculation had influenced prices.

Now Harvard University has just published the results of an investigation made by Dean W. Mallot, who is Chancellor of the University of Kansas, into the

subject of "Does Futures Trading Influence Prices." "This study", Dean Mallot concludes, "discloses no trace of influence on prices attributable to Futures Contract Trading, or to speculation in Futures Contracts."

So it would seem that now, once and for all, we can remove from our minds the fear that speculation or Futures trading has any bad effect on price.

Following factors have tended to raise the price: Recent severe frosts believed to have damaged crops in Hungary — Wheat crops in India are in need of moisture — A large export business in Canadian wheat and flour recently advanced Canadian prices — Argentine corn crop in need of moisture.

Following factors have tended to lower price: Condition of winter crops in Italy is good — Rains are beneficial to South African corn crops — Australian wheat crop estimate again increased — Very beneficial snows received over the U. S. winter wheat area — Crops in Bulgaria and Roumania progressing under favorable conditions.

Unable to secure a band for the Silver Jubilee of King George V in 1935 or the Coronation of King George VI in 1937, because all had been engaged, the village of Byfield Northamptonshire, in England, is showing its optimism by having a hall already booked and an orchestra hired for a victory dance at the end of the present war.

**LET IT GROW**  
When you have a happy thought, Be careful not to hide it. Because the thing for you to do, If you are kind and sweet and true— And I am saying this to you— Is, right away, divide it! A happy thought is sometimes fine That grows to be a treasure, But only if you give a part, With generous and joyous heart, To someone—then you've made a start To bring it to full measure, The one to whom you give a share Will in delight receive it. He will divide it with a friend. And think how far it will extend— Some say that it will never end. And I—oh, I believe it!
